

HF8015+d1p ultra light

MINXRAY[®]

High Frequency Portable X-ray Unit for Equine Practice

At 14 lb, the HF8015+d1p is the lightest portable available for equine x-ray imaging.

Beats the competition where it counts!

- **New - Integrated, Adjustable Dual Laser Pointers:** Indicate central ray and distance in bright ambient light conditions
- **Easily Programmed Memory:** For storage of 5 exposure techniques
- **mAs/ Time Display Switching Capability**
- **Small Focal Spot:** Sharper radiographs on all views
- **High Frequency, Full-wave Rectified Power:** Supplies more radiographic power pound for pound; no decrease in mA with increased kVDC
- **Automatic Dynamic Line Voltage Compensation:** Unequaled repeatability of results
- **Exclusive Five-year Limited Warranty:** Worry-free ownership, coverage includes cables
